## WORK EXPERIENCE

### Tech Lead & Business Analyst

CHEMICAL SAFETY SOFTWARE

2022 to present

I help clients implement Chemical Safety's environmental health and safety (EH&S) software into their business practices. My day consists of problem solving technical obstacles while ensuring the product meets their business needs. I work along side external and internal developers, project managers, and ancillary staff.

### Critical Care Dietitian

OHIOHEALTH

From 2015 to 2022

Functions as a rotating team member of the OhioHealth Nutrition Support Team which services total parenteral nutrition (TPN) for six hospitals in the Columbus, Ohio region. On non-TPN weeks, MICU, SICU, and other units are covered throughout the OhioHealth system.

### Clinical Dietitian

OHIOHEALTH
